

THE Print Shop™

Reference Card

The Print Shop is so easy to use, you probably won't need to read the manual to get started. Just start up the program and follow the prompts that appear on the screen. For quick reference, this card shows each of the fonts, summarizes the text entry commands, and lists the available Print Shop graphics by number.

On the back side of the disk is a colorful demo program introducing you to The Print Shop. For an added bonus, press CTRL-A (for "animation") while the demo is running.

Text Entry Commands:

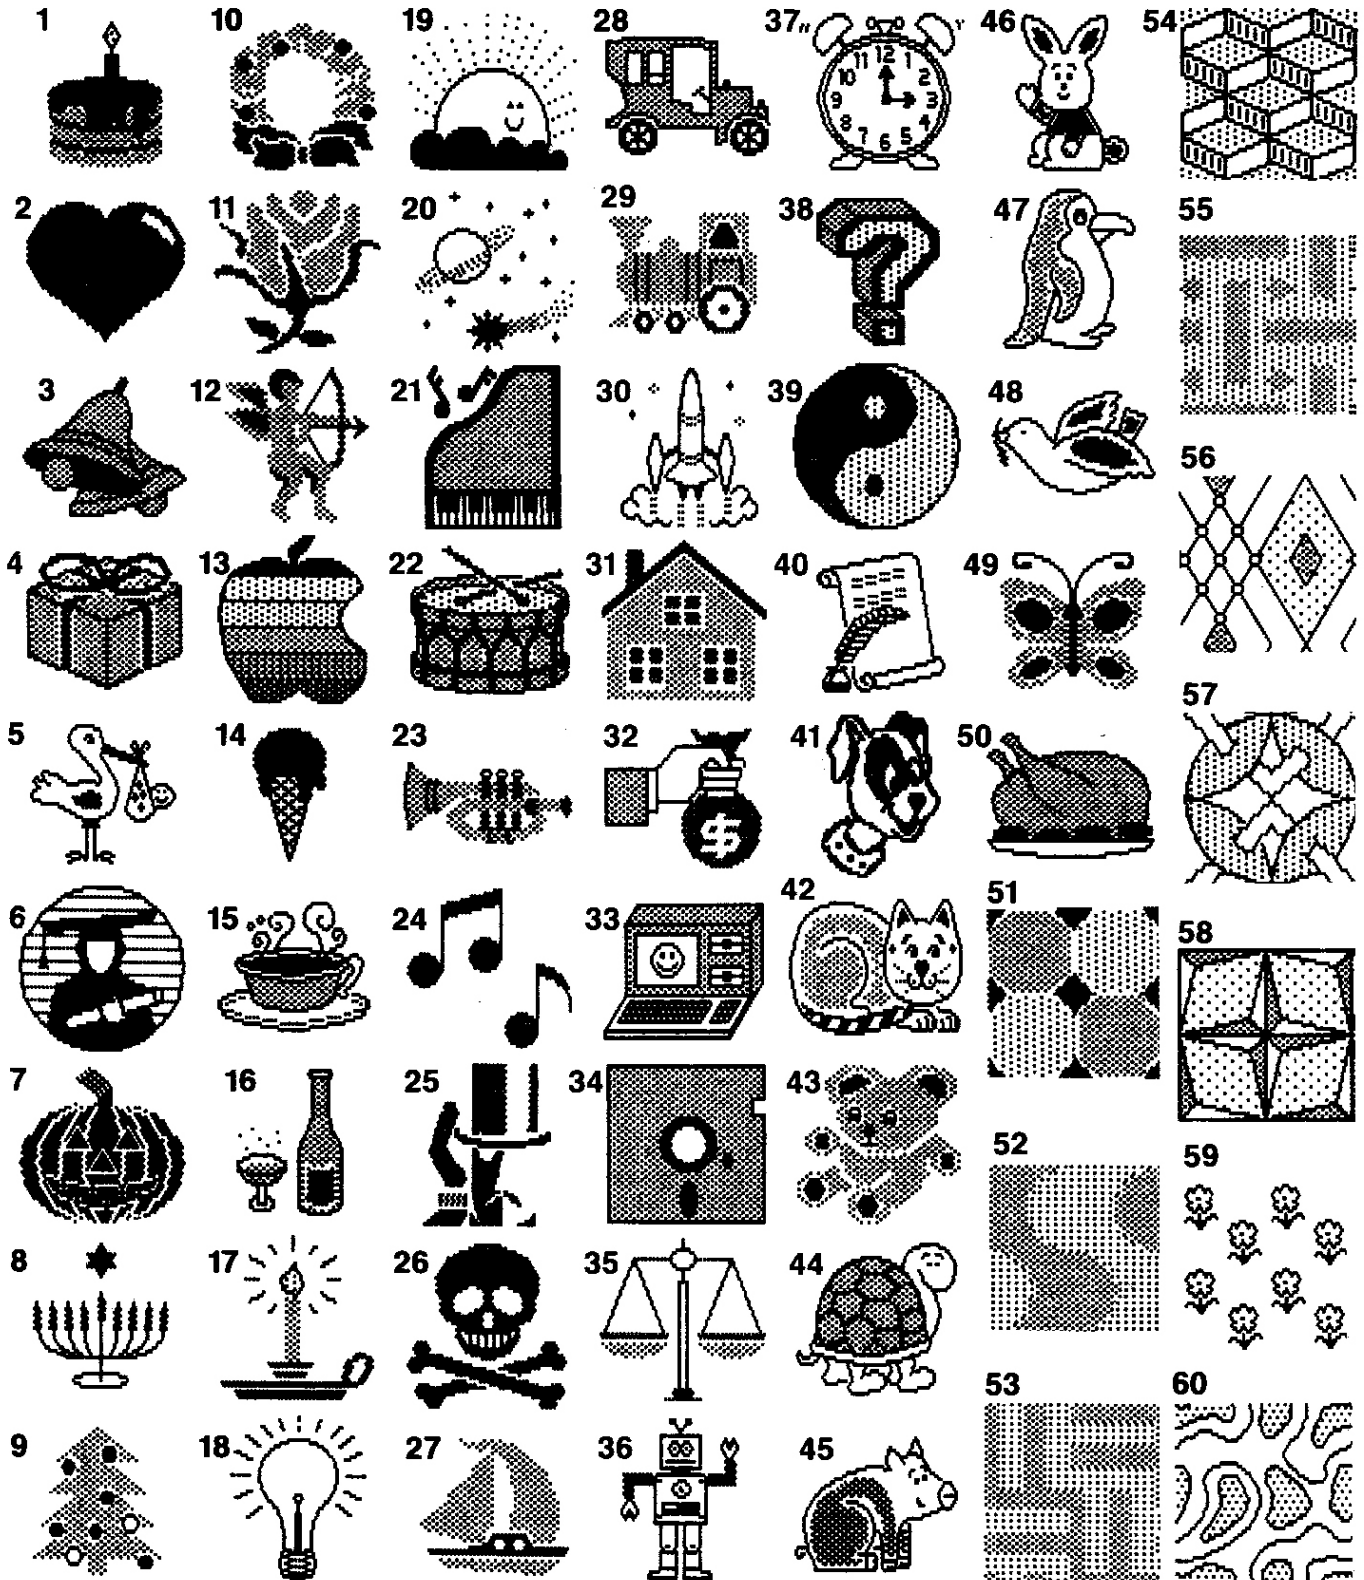

Whenever The Print Shop asks you to enter your message, simply type in your text, line by line, and press RETURN at the end of each line. In addition, you may use the following keys:

- | | | | |
|-------------------------|---|----------------------------------|--|
| RETURN
or ↓ * | Moves cursor down to the next line. Press repeatedly to reach bottom of text entry window and to move on to next phase. | CTRL-S | Toggles size of text on a line: small or large. (Not available in Banner and Letterhead modes.) |
| ESC or ↑ * | Moves cursor to previous line. | CTRL-F | Toggles form of font on a line: solid, outline or 3-D. (3-D not available in Screen Magic and Banner modes.) |
| ← or DELETE * | Erases character to left of cursor. | CTRL-P | Toggles position of a line: center, left or right. (Not available in Banner mode.) |
| CTRL-E | Erases entire line indicated by cursor. May be used to cancel or erase any line of text entered throughout program. | CTRL-I
or TAB * | For "instructions." Produces a help screen of special text entry options available. |

* on Ile or Ilc

Graphics:

The following "Graphics" and "Patterns" may be selected by picture or by number. When choosing a graphic "By Number", use the numbers (1-60) listed on this card. (For information see "Choose a Graphic" in section 3 of the manual):
